

The National Space Society (NSS) program accomplishments for 2010 include:

1. Published three print and one electronic editions of our award winning quarterly magazine, **Astra**
2. Maintained a web site www.nss.org.
3. Maintained a blog farm with the primary blog known as blog.nss.org.
4. Maintained a wiki farm with the primary wiki known as wiki.nss.org
5. Published approximately twelve issues of the electronic newsletter, **Downlink**
6. Maintained a social networking presence on Facebook and Twitter.
7. Maintained a virtual presence on the NSS Second Life island.
8. Maintained a Political Action Network for stimulating response to issues related to the goals of NSS.
9. Produced the 29th annual International Space Development Conference (ISDC) in Chicago, Illinois.
10. Orchestrated the February 2010 legislative blitz on Capitol Hill, which contributed significantly to the passing of the NASA Authorization Act of 2010 with an unprecedented level of bipartisan cooperation.
11. Published a series of educational mailings to update our membership on emergent issues that relate to furthering the goals of the NSS.
12. Managed an increasing diverse array of projects to provide for further engagement of our membership. Examples include . . .
 - a. Space Ambassadors Program reception and program update
 - b. Submitted multiple proposals to NASA in cooperation with government, commercial, and non-governmental organizations to expand the opportunities for members to accomplish necessary work to further the goals of NSS.
 - c. Co-sponsored the Space Investment Summit SIS-8 in Chicago, IL.
13. Supported an international network of chapters and cooperating with a growing number of affiliated organizations.
14. Offered a varying array of additional opportunities including:
 - a. Bruce Clark scholarship awarded,
 - b. Multiple NSS Headquarters Internships,
 - c. Co-sponsored the two Space Settlement design contests, special membership benefits and special events at the national, regional, and local chapter/affiliate level.
